Keeping your location confidential

The Address Confidentiality Program (ACP) is a free mail forwarding service to help survivors of intimate partner violence, sexual assault, stalking, or human trafficking protect their physical address information. Participants in the program are provided with a substitute address to be used in place of the address where they live. The substitute address will meet the address requirements for most state and local government agencies.

A person may only apply to the Address Confidentiality Program through a victim advocate that has been designated by the attorney general as an application assistant. To apply to the Address Confidentiality Program, contact an application assistant near you. More information can be found at go.usa.gov/xm4ta.

Special application provisions

Typically, Marketplace and Oregon Health Plan applications require information for all members of your tax household, including your spouse. In situations of intimate partner violence, survivors may apply for health insurance without including their spouse. For help to correctly complete your application, find local application assistance by visiting OregonHealthCare.gov.
