Health Insurance Marketplace Advisory Committee Meeting Minutes

**When:** Thursday, July 20, 2023 – 9 a.m. to noon  
**Where:** Virtual via Microsoft Teams  
- In-person at the Barbara Roberts Human Services Building  
  500 Summer St NE, Salem OR 97301

**Committee members:**  
Virtual – Gladys Boutwell, Ron Gallinat, Maribeth Guarino, Paul Harmon, Lindsey Hopper (vice chair), Ines Kemper, Holly Sorensen, Om Sukheenai, Andrew Stolfi, Drew Tarab, and Nashoba Temperly

In person – Kraig Anderson (chair)

**Members not present:** Joanie Moore, Shannon Lee, and Danielle Nichols

**Other presenters:** Stephanie Kennan, Vivian Levy, Phil Schmidt, Tashia Sizemore, and Tim Sweeney

**Marketplace staff:** Katie Button, plan management & policy analyst; Chiqui Flowers, director; Victor Garcia, operations development specialist; Nina Remple, marketplace transition project manager; and Dawn Shaw, office support coordinator

### Agenda item and time stamp*  
**Discussion**

**Welcome, roll call, meeting guidelines, and approval of previous meeting minutes**

Roll call of Health Insurance Marketplace Advisory Committee (HIMAC) members and staff, review of meeting guidelines, and approval of the May 25 meeting minutes.  
(See the handout packet pages 1-2 for a copy of the agenda, pages 3-6 for the May minutes, and pages 7-8 for the meeting guidelines.)

- Approved May 25, 2023, minutes.

**Federal health policy updates**

**14:01**

Stephanie Kennan from McGuire Woods Consulting called in from Washington, DC to present information about current legislation and cases that involve the Affordable Care Act (ACA).

- Debt ceiling crisis was averted, but appropriations is still an issue. Congress out at the end of July. Appropriations will need to be taken care of before the end of the fiscal year on September 30. Some of the debt reduction can take levels back to 2019.
- Proposition to reverse a Trump era regulation about short-term health plan coverage. It will include requirements to make sure the consumer knows what they are buying. Some would like to get rid of the short-term plans.
- Another proposed bill will close loopholes in the No Surprises Act where insurers can contract with a hospital and claim that the hospital is not in the network. Guidance is to make the consumers aware of network status and if there will be additional fees.
- HHS, Treasury, and Consumer Financial Protection Bureau are getting more information about medical credit cards and are looking to restrict them due to high interest rates.
PBM (pharmacy benefit managers) bills are in multiple committees. They would like to delink PBM revenues from the price of the drug to help lower drug costs and get more transparency.

Discussion is going on to extend regulations to have hospitals be clear on what a service cost.

Kraig was concerned if the appropriations would affect the individual market. Stephanie replied that what could be affected is funding for Navigators, but likely there will be small cuts around the board.

Andrew did inform that Oregon put a cap on short-term plans at three months. DCBS is looking into this and understands that Oregon will be allowed to keep the rule in place.

---

**Basic Health Program updates**

Timothy Sweeney, Katie Button, and Nikki Olson presented updates on the Basic Health Program (BHP)

(See pages 9-17 of the handout packet for a copy of the slide deck.)

- Kraig is encouraged that the BHP is happening and will support.
- Drew wondered if the communication plans are overly effective and if that would make the planned gradual migration to a faster migration. Katie noted the concern and will be passing it along.
- Maribeth was concerned that there will be some redundancy in communication, with consumers being overwhelmed by multiple notices.
- Om expressed concern about consumers having access to providers because people on OHP already have a hard time finding a provider. Another concern is increased premiums for people remaining on the Marketplace. Tim responded that there will be an increase in the premium and there is work to make sure plans are still affordable. Nikki informed that the access to care issue is being investigated and they are working with providers.
- Paul is happy that carrier meetings are happening and wondered how we reach members who will have increased premiums, so they are not surprised.
- Maribeth had been reading about other states approaches and most are just disenrolling people from Medicaid and Oregon is unique in our approach to make sure people stay on Medicaid.
- Kraig acknowledged that Oregon is doing a good job and wanted to know if people remaining on the Marketplace in 2025 are those who are auto reenrolled. Katie replied that everyone will be auto enrolled but will not get tax credits unless they have given CMS approval to redetermine them. She will add it to the list of things to look into so there is a clear answer.
- Lindsay added that BHP messaging is more complex than redeterminations.

---

**Public comment & break**

None given.

---

**2024 rate filings updates**

Tashia Sizemore and Katie Button went over the 2024 rate filings.

(See pages 19-24 of the handout packet for a copy of the slide deck)

- The DFR (Division of Financial Regulation) did have to adjust the schedule this year due to pending legislation through HB 3008. Rate hearings were moved to August 4.
- Rates are coming in higher than previous years and following the medical trend of 6.2% for the individual and 8.2% for the small group.
- Samaritan did leave the small group market. There is a stable number of insurers in the individual and small group market.
- Insurers were asked about impact of staffing on rates, and for the most part insurers anticipated this issue and worked it into their rates.
• Rate hearings will be virtual, allowing for a broader range of Oregonians able to attend.
• DFR rate hearing page
• Email tashia.sizemore@dcbs.oregon.gov for any questions.
• Paul commented that the representation on HealthCare.gov was not very informative.
• Drew wondered if the 2021 data was being used for reviewing rates or was it 2022? Tashia had left the meeting, so Katie would be passing the question on to her.
• Om asked for further clarification for the three $5 visits. Katie reviewed the slides again for clarification on the visit types.
• Definitions for acronyms in slide deck:
  o MOOP – maximum out-of-pocket
  o CSR – cost sharing reduction

2023 legislative session updates
1:38:21

Phil Schmidt presented the bills of interest for the Marketplace during the 2023 legislative session.
(See pages 25-27 of the handout packet for a copy of the slide deck)
• The log jam caused by the walk out was relieved when the legislature came back and approved a lot of bills.
• Measure 111 is the Right to Healthcare amendment.
• HB 2002 on reproductive rights was the cause of the walkout.

SB 972 and SBM transition update
2:02:46

Chiqui Flowers and Victor Garcia went over SB 972 and the SBM transition timeline.
(See pages 28-30 of the handout packet for a copy of the slides.)
• The bill has not been signed by the governor, she has 30 days to do so, and it is a priority.
• Chiqui is going to be the project sponsor and Victor has agreed to be the business lead.
• Other state exchanges are happy to help with the creation of our SBM.
• Maribeth had a question about the stage gate process and if the approvals must be given by legislators during session or can they happen in the interim. Victor will check on this, but the understanding is that it can be approved in the interim.
• Kraig attested to all the work the committee has done to help with the SBM process.
• Drew is wicked excited for this, was wondering if there will be other forums to have stakeholder input. Chiqui hopes to provide the baseline plan in September which will include potential engagement opportunities. Victor will be getting feedback before the RFP (request for proposal) and will be asking for it throughout the process.
• Chiqui stated we will be working with the ONE system so the process is as seamless as possible. Email Victor or Chiqui with any questions in between meetings.

Unwinding continuous eligibility in Oregon
2:08:49

Vivian Levy discussed the plans for the upcoming Medicaid redeterminations.
(See pages 30-34 of the handout packet for a copy of the slides.)
• Om requested clarification on how Healthier Oregon ties in with the unwinding. Vivian informed that Healthier Oregon was passed before the end of the public health emergency was known. Healthier Oregon was only partially expanded to a few age groups. Waiting on budget approval to see when Healthier Oregon can be expanded. There are two different changes happening at the same time.
• ORRAI - Office of Reporting, Research, Analytics, and Implementation.
• Kraig was confused about the circles on slide 81. Vivian agrees the percentages don’t make sense and is going to go back and get clarification.
• Vivian encourages comments be emailed to feedback@odhssoha.oregon.gov, the email is staffed and will actively respond.
Nina Remple, the marketplace transition project manager, provided updates on how the transition is going. (See pages 35-36 of the handout packet for a copy of the slides.)

- Chiqui requested any feedback from the community about how redeterminations are going.
- Gladys wondered why calls were getting directed to HeathCare.gov. Vivian clarified it is directed to OregonHealthCare.gov.
- Holly commented that the first round seems to be those that are 65 and older or on a non-MAGI (modified adjusted gross income) Medicaid. NEON (Northeast Oregon Network) has been making referrals to local agents and walking them through the ONE system prompt.
- Nashoba with Cascade AIDS Project reports some hesitancy and confusion. Self-employed individuals are confused about submitting RFI (request for information) regarding income statements and future estimation forms. Vivian will have the team look at the forms and try to make them clearer.
- Chiqui reminded that Marketplace open enrollment is November 1. If there is any way to lessen the confusion, we would love to get that feedback.
- Holly has seen some confusion with notices referring to another notice, but they can’t find or did not get the other notice. Vivian agrees that is very confusing and is looking at combining some of the notices. Nina reported that the Marketplace call center has been getting calls about the letter confusion. One notice will indicate they lost benefits and they will go and enroll in a Marketplace plan, only to get a notice that they still have benefits.
- Om had a client that is a family of five, but only four of them got OHP. Vivian supposed that it could be how the family is doing the tax filing. Om had a follow up question on how the unhoused are getting notifications. Vivian stated that there is a network of community partners that help get the work out. Other methods are emails and texts, along with marketing campaign. It is a challenge.

Next meeting will be Thursday, October 12, 2023, 9 a.m. to noon. Unless notified otherwise the meeting will be a hybrid of virtual and in-person. In that meeting we will be discussing updates on open enrollment, Marketplace Transition Project, and BHP. We will be inviting Tim, Laurel, Nikki, Katie, and Tashia Sizemore back for updates.

SBM is going to be added to the 23-23 basic work plan. A draft will be emailed out prior to the October meeting.

Look out for 2024 meeting schedule to be emailed out in the next couple of months.

*These minutes include timestamps from the meeting audio in an hour: minutes: seconds format. Meeting materials and audio are found on the Oregon Health Insurance Marketplace Advisory Committee website under 2023 Meetings, July 20.
Health Insurance Marketplace Advisory Committee Meeting

October 12, 2023

Kraig Anderson
Committee Chair

Welcome

Kraig Anderson
Committee Chair

Federal health policy updates

Stephanie Kennan
McGuireWoods Consulting
Basic Health Program

Tim Sweeney
Senior Policy Analyst, OHA/HPA
Katie Button
Plan Management and Policy Analyst

Blueprint submission
• Oregon Health Policy Board (OHPB) unanimously approved Blueprint for federal submission on 9/12/23
• Blueprint formally submitted to CMS on 9/14/23
• Currently integrating CMS feedback; anticipate formal approval early 2024

Rulemaking
• Rule drafting underway; will be shared publicly prior to RAC
• Rules Advisory Committee (RAC) planned for early-February

State-administered subsidy program
• Capture federal funds to create a subsidy to reduce the cost of premiums
• CMS did not believe Oregon could pass guardrail requirements

Gold Benchmark on the Marketplace
• Implement a policy that would increase amount of tax credits consumers receive
• CMS was not willing to update HealthCare.gov to allow this

BHP look-a-like
• Instead of using Section 1331 authority, use a different federal authority to create a permanent coverage category for this population
• This option potentially exposes Oregon to significant state costs if enrollment increases over current levels (which is highly likely)
Non-federally funded options

- With no federal funding available, Oregon could seek other funding for mitigation
- With non-federal funding, some previous constraints are eliminated
  - Could previously unfavorable options be more workable?
  - Are there other ideas we could explore?

Visible subsidy

Details

- Carriers file rates as usual
- State works with CMS to put a banner on HealthCare.gov: "Premiums will be $X less than displayed here. Check your premium bill for the final amount."
- Carriers decrease bills to consumers based on state subsidy
- Carriers submit payment requests to the state
- State pays carriers via non-federal funds

Visible subsidy

Pros

- Helps consumers
- Maintains current adherence to rate filing requirements for single risk pool and risk adjustment, among others
<table>
<thead>
<tr>
<th>Cons</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Visible subsidy</strong></td>
</tr>
<tr>
<td><strong>Cons</strong></td>
</tr>
<tr>
<td>• May cause consumer confusion, as HealthCare.gov and carrier will show two different premium amounts</td>
</tr>
<tr>
<td>• Requires a small change to HealthCare.gov</td>
</tr>
<tr>
<td>• Requires some sort of billing and payment mechanism, and will likely require additional state staff to conduct payment activities, which increases costs and is procedurally difficult</td>
</tr>
<tr>
<td>10</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Cons</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Visible subsidy</strong></td>
</tr>
<tr>
<td><strong>Cons</strong></td>
</tr>
<tr>
<td>• Implementation hurdles for carriers:</td>
</tr>
<tr>
<td>o Setting more than one subsidy amount (i.e. variable amount based on age) may be more difficult</td>
</tr>
<tr>
<td>o Reconciling APTC payments with CMS may be challenging</td>
</tr>
<tr>
<td>o Until all BHP-eligible consumers are transitioned to the BHP, there will be enrollees who have premiums less than the subsidy amount; it may be difficult for carriers to report the lower amount for reimbursement</td>
</tr>
<tr>
<td>11</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Strategy improvements</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Visible subsidy</strong></td>
</tr>
<tr>
<td><strong>Strategy improvements</strong></td>
</tr>
<tr>
<td>• Flat dollar amount offered to all enrollees</td>
</tr>
<tr>
<td>• Makes billing and payment easier</td>
</tr>
<tr>
<td>• State works with CMS on APTC reconciliation process to find a solution that reduces carrier burden</td>
</tr>
<tr>
<td>• Other suggestions?</td>
</tr>
<tr>
<td>12</td>
</tr>
</tbody>
</table>
Invisible subsidy

Details
- Carriers reduce bronze and gold rates by a percentage or a flat amount
- Carriers submit payment requests
- State pays carriers via non-federal funds

Pros
- Invisible to consumers – rates displayed on HealthCare.gov match what carriers bill
- Percentage reductions could more closely mimic silver loaded APTC amounts

Cons
- May violate single risk pool or other rate filing requirements
- Makes risk adjustment inaccurate and requires additional work to correct it
- Provides assistance to off-exchange consumers as well, increasing funding need, complicating approval path
- State staff and funding required to develop billing and payment mechanisms, increasing costs complexity
Invisible subsidy
Strategy improvements

- Consult with other states to see if we can implement something similar to existing state subsidies
- Look into a second 1332 to help circumvent risk pool or other rate filing issues
- Other suggestions?

Mitigation options – next steps

- Meeting with insurance carriers’ actuaries and DFR actuaries to further discuss risk pool and other potential issues with the invisible subsidy strategy
- Continue learning more about other states’ implementation of non-federal subsidies

- National Network
- First 3 PCP/Mental Health

$5 copay for the first three in-network primary care provider, other practitioner, outpatient mental/behavioral health, or outpatient substance abuse disorder visits per year prior to the deductible being met.

New tag on plan cards

Explanation text automatically displays
Research findings

- 97% of consumers believe that health coverage is important to have
- 62% do not consider health coverage affordable
- 61% say that the cost they pay is the most important consideration when purchasing health coverage

Research findings

- Participants were more likely to identify with the feelings of helplessness and confusion (65% and 57%, respectively) than feeling in control and confident (35% for both) when shopping for health coverage
- About half of customers delay or do not seek care for cost reasons
Open enrollment campaign goals

Primary Goal: Retain existing Marketplace customers and reach the additional 4% of uninsured Oregonians

1. Drive awareness for the affordable options and financial support available on the Marketplace through new messaging and creative approaches
2. Increase trust with prospective customers through highly personalized and targeted marketing tactics
3. Reach new audiences through authentic multicultural marketing strategies
Campaign approach

**Audience Targeting**
- Segmented audience profiles that align to creative and messaging
-**Uninsured audience skew:**
  - Male, 26-44, single, earns under $50k
  - Opportunities to focus on uninsured areas, including:
    - Lane and Jackson Counties
    - Roseburg and Klamath Falls
    - Deschutes County

**Messaging and Creative**
- Prioritize simplicity, customization and compassion in messaging
- Address concerns about high cost of insurance, while reinforcing support available through OHIM
- Prioritize transcreation and culturally competent approaches

**Channel and Measurement**
- Statewide campaign focused on awareness, consideration and conversion
- Custom rural strategies in television, social media, video and radio
- Advanced CRO, digital activation and analytics

Target demographic personas

- **Casey** (Age: 30)
  - Dicated to healthy living and wellness.
  - Budget-conscious and seeks affordable options.

- **Matso** (Age: 45)
  - Recently relocated to Oregon and looking for health insurance.

- **Shay** (Age: 27)
  - Enthusiastic about staying active and health-conscious.

**Messaging framework**

- **Let’s get you covered.**
- **Health insurance is more affordable than you think.**
- **Coverage for your basic needs and more.**
- **Coverage within your budget.** All the benefits you need, at a price you can afford.

### State-Based Marketplace (SBM) Project

**Chiqui Flowers**  
Director

### State-Based Marketplace (SBM) topics

- Who is the Project Team?
- What is the State-based Marketplace (SBM) Project?
- What have we accomplished so far?
- What is the high-level project timeline?
- Identify impacted parties & engagement needs (Exercise)
SBM project team

Chiqui Flowers  
Project Sponsor

Victor Garcia  
Product Owner

Dorocida Martushkov  
IT Project Manager

Dan Feder  
Business Systems Analyst

Talon Wood  
Project Advisor

Some members will be added to the project as it progresses.

What is the SBM Project?

• Transition Oregon from a State-Based Marketplace using the Federal Platform to a State-Based Marketplace
• Reasons for the change:
  o Improve the shopping and customer service experience, implement responses to feedback
  o Ability to track customer issues with enrollment and resolve them quickly

What is the SBM Project?

• More reasons for the change:
  o Increase transparency to improve accountability to Oregon partners and consumers
  o Improve service delivery to communities of focus with real-time access to demographic data
  o Have the ability to customize the platform for special enrollment periods and Oregon-specific programs
**SBM project accomplishments**

Which project activities have we accomplished so far?

- 7/6 - Project Started
- 9/5 - Completed Business Case
- 8/29 - Signed Project Charter
- 9/20 - Obtained Approvals to Begin Planning

---

**SBM Project Timeline**

What is the high-level project timeline?

- **9/13/2023** Project Started
- **10/20/2023** Obtained Approvals to Begin Planning

**Phase: Planning**

- **Total Project Duration:** 4 Years & 8 Months

**Key:**

- In-Progress
- Not Started

---

**SBM pre-implementation message themes**

- Transition and timeline updates
- Key reasons for vendor choice
- Implementation phase collaboration opportunities
- Key considerations that will be addressed during the transition
SBM Engagement During Pre-implementation
Identify impacted parties & engagement needs (Exercise)

1. Are there any missing parties?
   • Office of Information Services (OIS)
   • ONE Team
   • Oregon Health Insurance Marketplace

Weekly, As Needed

2. How often should we engage?
   • Partner Agents*
   • Community Partners*
   • Marketplace insurance carriers*
   • Tribal groups*
   • Marketplace enrollees
   • Legislators
   • Media
   • Public

Quarterly

3. What method should we use?
   • Dept. of Administrative Services, Enterprise Information Services (DAS EIS)
   • Health Insurance Marketplace Advisory Committee
   • Oregon Health Policy Board
   • Governor’s Office
   • CMS Center for Consumer Information and Insurance Oversight (CCIIO)
   • Division of Financial Regulation (DFR)

Meetings, Email, Webpage

Marketplace Transition Project

Nina Remple
Marketplace Transition Project Manager

Transition assistance

• PH Tech call center hours of operations Monday – Friday from 7 a.m. to 6 p.m. PST
• CMS 30-Day file has reported 9,659 not yet enrolled in a Marketplace plan since 4/6/23
• Oregon Health Plan (OHP) Request for Information (RFI) renewal non-response Sept. file: 31,000
• Marketplace Transition Project Dashboard: orhim.info/transition-dashboard
• Members who did not respond to the RFI become “procedural closures” and are not referred to HC.gov.
• Outreach calls, SMS text messaging and email are going to these OHP members.
• Marketplace began outreach to approximately 17,000 members in Sept. Three attempts to reach the member could result in over 50,000 calls.

• OHP members received erroneous system-generated notices in July. Marketplace will receive approx. 23,000 additional members mid-October for processing.

The project so far

| Number of people referred to the Marketplace | 15,352 |
| Number of people potentially Marketplace-eligible | 48,734 |
| Number of Marketplace transition letters sent | 43,100 |

| Text message outreach | 13,763 |
| Email outreach | 11,137 |

| Number of new messages sent | 566 |
| Response rate | 98% |
| Average email open rate | 58% |

Enrollment activity
Comparing enrollment between July and October in 2022 and 2023

- In 2022, overall Marketplace enrollment decreased between July and October.
- Total enrollment, Oct. 2022: 128,143

- In 2023, overall Marketplace enrollment increased between July and October.
- Total enrollment, Oct. 2023: 127,234

Support from community partners

- Chinese Friendship Association of Portland
- Ethiopian and Eritrean Cultural Resource Center
- Mercy Connections
- Portland Open Bible Community Pantry
- Project Quest
- Slavic Community Center of NW
- Urban League of Portland
- Casa Latinos Unidos (coming soon)
How to help people losing OHP benefits

- Advise of financial assistance programs available through not-for-profit hospitals and affiliated clinics/health systems
  - See list of participating facilities at orhim.info/ORHospitals
- Educate about their options through the Marketplace
  - Window Shopping tool:
    - English: OregonHealthCare.gov/WindowShop
    - Spanish: orhim.info/ObtengaCobertura

How to help people losing OHP benefits

- Offer a referral to a Marketplace expert who can help with application/enrollment
  - English: OregonHealthCare.gov/GetHelp
  - Spanish: orhim.info/encuentreayuda

*First three visits are $5.*
Understanding health coverage

**Coinsurance**
The percentage of costs of a covered health care service you pay; 20 percent for an X-ray, for example.

**Copayment**
A fixed amount you pay for a covered health care service; $20 for a visit with the doctor, for example.

**Cost sharing**
Health insurance company and enrollee shares the cost of covered benefits.

**Deductible**
The amount you pay before the plan starts to pay for some covered services. In Oregon, many plans do not require that the enrollee pays the deductible when they have office visits, but they will pay the deductible for services such as hospital stays or surgeries. It is extremely important to remember that there are many services covered by health plans, either in full or at least in part, before meeting the deductible.

**Maximum out-of-pocket (OOP)**
The most you have to pay for covered services in a plan year. After you spend this amount on deductibles, copayments, and coinsurance for in-network care and services, your health plan pays 100 percent of the costs of covered benefits. Things that do not count towards the out-of-pocket maximum are:

- Your monthly premium
- Anything you spend for services your plan doesn't cover
- Out-of-network care and services

**Network**
A group of providers, clinics, hospitals and pharmacies who are contracted with an insurance company to provide care or services for enrollees. Find out if you preferred provider or facility is in-network by contacting your insurance company or searching their provider directory, which can be found at orhim.info/health-plans.

**Premium**
The amount you pay for your health insurance each month.

**Preventive services**
Preventive and wellness services are typically covered with no copayments or coinsurance before you meet your plan’s deductible, as long as they are ordered by your doctor and you’re getting the services from an in-network provider or facility. Your health insurance company can’t limit sex-specific recommended preventive services based on your sex assigned at birth, gender identity, or recorded gender — for example, a transgender man who has residual breast tissue or an intact cervix getting a mammogram or pap smear.

**Provider**
Someone who provides health care services, such as a doctor, dentist, or therapist.

Plan Year 2024 Open Enrollment Outreach Overview

Outreach and education overview for year 2023 which primes supporting efforts for open enrollment plan year 2024

The Marketplace outreach team facilitates outreach and education efforts to every area of the state. The team publicizes Marketplace services at community events, holds in-person or virtual information sessions about coverage options, and answers phone calls from consumers to provide information about coverage options, eligibility, and find local help.

The outreach team is comprised of six outreach and education coordinators who each serve a specific region of the state: Central Oregon and the Gorge, Eastern Oregon, North Coast, Portland Metro, Southwestern Oregon, and the Willamette Valley. One Statewide Hispanic and Latino coordinator and two regional coordinators are bi-cultural and fluent in Spanish. These team members support bilingual, culturally appropriate outreach to Oregon’s Hispanic/Latino communities throughout the state.

Throughout 2022, the outreach team talked to approximately 104,500 people at outreach events and meetings and will surpass that reach in 2023. Last year the team supported Tribal events, LGBTQIA2S+ events, faith-based events, Hispanic/Latino events, rapid response sessions, and presentations to communities, businesses, and community-based organizations, including new community partner organizations.

Marketplace outreach planning for open enrollment

This year, one of the primary populations of focus is individuals that are found to be no longer eligible for Oregon Health Plan (OHP) due to the Medicaid renewals process, which began in April 2023. We recognize that many Oregonians who have never needed to shop must consider their options for the first time this year. Our team has identified the following communities that are at a higher risk of being uninsured in Oregon:

- Hispanic/Latino community
- LGBTQIA2S+
- Men
- Millennials (26-35 years old)
- Rural Oregonians

The outreach team will continue to concentrate efforts in communities and counties throughout the state that have higher rates of uninsured, especially those which have less access to resources. Those communities include:

- The Portland metropolitan area, focusing on specific neighborhoods most at risk of being uninsured.
• Smaller cities in towns throughout Oregon with a high concentration of migrant or farm workers, especially those in the far-reaching areas of the state.
• The Black/African diaspora communities, Asian diaspora communities, immigrant communities and Slavic communities.

**The Marketplace relies heavily on support from our trusted partners in the community to educate and enroll eligible Oregonians**

**Community Partner Liaison and the Community Partner Program**
The Marketplace’s community partner liaison, Miranda Amstutz, oversees the Community Partner Program, which has 19 community partner grantees that provide trusted health insurance navigation assistance to Oregon’s diverse communities of focus.

**Coos county**
- Waterfall Community Health

**Deschutes county**
- Mosaic Medical

**Douglas county**
- Cow Creek Health and Wellness Center

**Jackson county**
- NOWA Unete

**Klamath county**
- Klamath Tribal Health

**Lane county**
- Centro Latino Americano

**Marion county**
- Interface Network

**Multnomah county**
- Asian Health and Service Center
- Cascade AIDS Project
- Chinese Friendship Assoc. of Portland
- Ethiopian and Eritrean Cultural Resource Center
- Immigrant and Refugee Organization
- Portland Open Bible Church
- Project Access NOW
- Project Quest
- Slavic Community Center of NW
- Urban League of Portland

**Wallowa/Umatilla counties**
- Northeast Oregon Network

**Washington county**
- Mercy Connections
Our grantees have served over 18,442 individuals from communities of focus since August 1, 2022. Grantee areas of focus include:

- Asian diaspora communities
- Black/African diaspora communities
- Hispanic/Latino communities
- Immigrant communities
- LGBTQIA2S+ communities
- People living with HIV
- Rural communities
- Slavic communities
- Tribal communities

**Tribal Liaison and the Tribal Grant Program**

Tribes are supported by the Marketplace Tribal liaison, Marina Cassandra, who collaborates directly with Oregon’s nine federally recognized Tribes:

- Burns Paiute of Harney County
- Confederated Tribes of Coos, Lower Umpqua, and Siuslaw Indians
- Confederated Tribes of Grand Ronde
- Confederated Tribes of Siletz
- Confederated Tribes of Umatilla Reservation
- Confederated Tribes of Warm Springs
- Coquille Indian Tribe
- Cow Creek Band of Umpqua Indians (Tribal Grantee)
- Klamath Tribes (Tribal Grantee)

The Marketplace Tribal liaison provides technical assistance, Tribal assister training, and complex case resolution, participates in government-to-government consultation, and advocates for tribes on Marketplace concepts affecting Tribal governments and their communities. The liaison also advises outreach team members on assisting Native Americans and Alaska Natives during their statewide outreach.

**Agent Liaison and the Partner Agent Program**

Insurance agents and brokers are supported by the Marketplace agent liaison, Micheil Wallace, who also oversees the Marketplace Partner Agent Program. The Program consists of 29 partner insurance agents with offices located throughout Oregon who serve most counties and many communities of focus, including:

- Asian diaspora communities
- Hispanic/Latino communities
- LGBTQIA2S+
- Rural communities

**Location dots and agent list are more than 29 as some agents have offices in more than one county.**

- Over one-third of our partner agencies have bilingual assistance available on-site in Chinese, Spanish, Russian, and Thai.
- Over 50% of our partner agencies are minority, or woman owned/operated.
- Due to Oregon Health Plan (OHP) renewals that began in April 2023, the Marketplace has seen increased and earlier partner agent visibility in communities served.
Plan year 2024 Marketplace assister training at a glance

Since July 1, 2023 we have:

- Conducted 55 Marketplace Certification trainings with a total of 62 scheduled.
- Conducted 4 in-person trainings in Spanish, and one Spanish training virtually.
- Had over 658 assisters complete training representing the 311 plus Community-based organization with assisters in Oregon.

Training is available in-person, virtually, and on-demand in both English and Spanish.

- 336 assisters took in-person training
- 283 took training by webinar
- 25 assisters took training on-demand

Training goals

- We completed the previous year with 88% of assisters trained
- Our goal is to complete the current year with 89% of our assisters trained
- We have 906 assisters in process to complete training by 10/31/23

Plan Year 2024 Open Enrollment Communications Overview

New marketing vendor: Quinn Thomas

Quinn Thomas is an award-winning marketing communications agency with deep experience leading research-based marketing campaigns in the Northwest. They have 21 full-time professionals, offices in Portland and Seattle, and just celebrated their 13th year in business. They specialize in leading integrated marketing communication strategies that build trust, change perceptions and meet goals. They have a full-service creative department that leads everything from branding to video production to graphic design for a wide range of campaigns. Their client list includes the Washington Health Benefit Exchange, the state’s state-based Marketplace. In 2021, Quinn Thomas acquired DHM Research to further their commitment to delivering research-based communications that change behavior and motivate action. An important part of this acquisition was investing in a full-time Director of Research Equity, who is now building on DHM’s deep experience and commitment to understanding underrepresented and hard-to-reach audiences.

Quinn Thomas also has a longstanding partnership with Media Plus -- the largest independently owned media agency in the Pacific Northwest. Media+ is proudly women-owned and celebrated their 40th year in business this past February. Today, Media+ manages more than $40 million annually in 43+ local markets throughout the US and Canada. Although they scale nationally, their roots are here in the Pacific Northwest, and they value long-standing relationships with iconic Pacific Northwest businesses, state-funded campaigns, healthcare systems, non-profits, and the local media community. The Media+ team is made up of 21 full-time self-proclaimed “media geeks” with expertise spanning strategy, reporting, analytics, and activation in both digital and non-digital environments. They employ an integrated approach to media, analyzing consumer behavior to determine the most effective channels, devices, and platforms to connect with audiences. They have also invested heavily in measurement and attribution practices to bring clarity to which channels are driving positive ROI for clients, and which are not.

In their proposal, Quinn Thomas assembled the leading experts in market research, brand creative, marketing strategy, and media placement in the Northwest. Their proposal delivered to OHIM a new approach to engage and mobilize Oregonians to shop, compare and purchase health insurance on the Oregon Health Insurance Marketplace. Their team proposed working in lockstep with OHIM to craft target audience segments, customized online and offline approaches, highly targeted creative and media that will reduce the uninsured population in Oregon and support OHA’s goal of reaching health equity by 2030.

Creative plan for open enrollment

We all want to feel cared for. Underneath the confusing technical language, package options, and costs, health insurance is an important piece of caring for your family. And really, your loved ones want to know you’re covered too, and caring for yourself can be a way to say, “I love you.” Even though you know the importance of health insurance for you and your family, costs can be a very real concern. The good news? Health insurance can be more affordable than you think, and there are resources available to you to get the coverage you need. You can show your loved ones you care by getting covered, and we’ll make it as stress free as possible.

At the Oregon Marketplace, we work tirelessly to make sure you have the resources to shop, compare, and navigate financial help for you and your family. We offer in-person support; you don’t have to figure this all out on your own at home. While it can feel overwhelming to navigate the world of health insurance, you can breathe easy – because we’ve got you covered.

Campaign goals

| Retain existing Marketplace customers and reach the additional 4% of uninsured |
|---|---|
| Drive awareness for the affordable options and financial support available on the Marketplace through new messaging and creative approaches | Increase trust with prospective customers through highly personalized and targeted marketing tactics | Reach new audiences through authentic multicultural marketing strategies |
**Campaign approach**

### Audience Targeting
- Segmented audience profiles that align to creative and messaging
- Uninsured audience skews male, 26-44, is single and earns under $50k
- Opportunities to focus on uninsured areas, including:
  - Lane and Jackson Counties
  - Roseburg and Klamath Falls Cities
  - Deschutes County

### Messaging and Creative
- Prioritize simplicity, customization and compassion in messaging
- Address concerns about high cost of insurance, while reinforcing support available through OHIM
- Prioritize transcreation and culturally competent approaches

### Channel and Measurement
- Statewide campaign focused on awareness, consideration and conversion
- Custom rural strategies in television, social media, video and radio
- Advanced CRO, digital activation and analytics
Target audience personas

Casey
Age: 26-40
Casey is a single adult living in the Sellwood community of Portland. They work mostly from home, are very budget-conscious yet enjoy life. They work freelance jobs, so they don't have health insurance through their employer. They receive trusted information through social media, online research and friends and family.

Mateo
Age: 30-45
Mateo is a Hispanic male living in Central or Eastern, OR. He is married with kids, works long hours as a residential painter. He gets his news and information primarily on his mobile phone and trusted advice from friends, family members and his church community. English is his second language.

Shay
Age: 55-64
Shay is a married parent of two working multiple jobs living in Springfield. She understands the value of health insurance for her and her family but may be less familiar with the Marketplace. She is also likely to influence our Casey and Mateo personas. Shay prefers in-person support for navigating this difficult decision.

Oregon Health Policy Board
Health Insurance Marketplace Advisory Committee Charter
Approved by the Committee on <date>

I. Authority

The Health Insurance Marketplace Advisory Committee (HIMAC) is created to advise the Oregon Health Insurance Marketplace (OHIM) and the Oregon Health Authority (OHA) in the development and implementation of the policies and operational procedures governing the administration of a health insurance exchange in this state including, but not limited to, all the following:

- The amount of the assessment imposed on insurers under ORS 741.105.
- The implementation of a Small Business Health Options Program in accordance with 42 U.S.C. 18031.
- The processes and procedures to enable each insurance producer to be authorized to act for all the insurers offering qualified health plans through the health insurance exchange.
- The affordability of qualified health plans offered by employers under section 5000A(e)(1) of the Internal Revenue Code.
- Outreach strategies for reaching minority and low-income communities.
- Solicitation of customer feedback.
- The affordability of health plans offered through the exchange.

The committee shall periodically review its charter at the request of the OHA Director or the Oregon Health Policy Board (OHPB).

II. Scope

The OHPB or the OHA Director may solicit recommendations from the committee, and the committee may initiate recommendations on its own.

The committee may provide annual reports to the Legislative Assembly, in the manner provided in ORS 192.245, of the findings and recommendations the committee considers appropriate, including but not limited to a report on the:

- Adequacy of assessments for reserve programs and administrative costs;
- Implementation of the Small Business Health Options Program;
- Number of qualified health plans offered through the exchange;
- Number and demographics of individuals enrolled in qualified health plans;
- Advance premium tax credits provided to enrollees in qualified health plans; and
- Feedback from the community about satisfaction with the operation of the exchange and qualified health plans offered through the exchange.
III. Dependencies

The Committee will seek information from and collaborate with a wide range of partners including, but not limited to:

- OHA Leadership
- Oregon Health Policy Board
- Oregon Legislature
- Governor’s Office
- Department of Consumer and Business Services
- Community-based organizations
- Oregon’s Federally Recognized Tribes

The ability of the Committee to fulfill its statutory duties as outlined in section II is contingent upon support of and direction by OHA, as well as coordination with other health policy advisory bodies.

IV. Membership

The committee consists of 15 members. Thirteen members shall be appointed by the Governor and are subject to confirmation by the Senate in the manner prescribed in ORS 171.562 and 171.565. The appointed members serve at the pleasure of the Governor. The Director of the Oregon Health Authority and the Director of the Department of Consumer and Business Services or their designees shall serve as ex officio members of the committee.

Thirteen members appointed by the Governor must represent the interests of:

- Insurers;
- Insurance producers;
- Navigators, in-person assisters, application counselors and other individuals with experience in facilitating enrollment in qualified health plans;
- Health care providers;
- The business community, including small businesses and self-employed individuals;
- Consumer advocacy groups, including advocates for enrolling hard-to-reach populations;
- Enrollees in qualified health plans; and
- State agencies that administer the medical assistance program under ORS chapter 414.
The members of the committee shall be appointed for a term fixed by the Governor, not to exceed two years, and shall be entitled to compensation and travel expenses in accordance with ORS 292.495. The committee may hire, subject to the approval of the director, such experts as the committee may require to discharge its duties. All expenses of the committee shall be paid out of the Health Insurance Exchange Fund established in ORS 741.102.

V. Staff Resources

The committee is staffed by OHIM employees of the Health Policy and Analytics Division of OHA, as led by the OHIM Director and the HPA Director. Support will also be provided by other OHA staff, leaders, and consultants as requested or needed. Staff will assist the committee in the performance of its duties and, to the extent permitted by laws relating to confidentiality furnish such information and advice as the members of the committee consider necessary to perform their duties.

VI. Expectations for Meetings

The following expectations apply to all committee meetings:

- The committee will meet six times per calendar year (January, February, April, July, October, and December). Meetings may be cancelled or moved if needed. More frequent and ad hoc meetings may be called for by the chairperson.
- A standard meeting time will be established (with special exceptions).
- Meetings shall be conducted in accordance with Oregon’s Public Meetings Law (ORS 192.610 through 192.710) and Public Records Law (ORS 192.001 through 192.505) and documented on the committee website: oregonhealthcare.gov/MAC.
- Committee members, staff, and other attendees are expected to participate in a safe and inclusive manner.
- All meetings will offer attendees an option to participate virtually. Meetings will also have closed captioning as a standard feature. Additional accessibility features may be available upon request.
- A public notice will be provided to the public and media at least seven days in advance of each regular meeting and at least three days in advance of any special meeting.
- A majority of the voting members of the committee constitutes a quorum for the transaction of business during committee meetings.
- Committee members are expected to review materials prior to the meeting and come prepared to discuss and participate.
Written minutes and recordings will be taken and made at all regular and special meetings. Minutes will include a summary of members present, all motions and guidelines proposed and their disposition, the substance of discussion on any matter, and a reference to any document discussed or distributed at the meeting or made available to the committee prior to the meeting. Approved minutes and recordings will be documented on the committee website: oregonhealthcare.gov/MAC. Transcripts are available upon request.
RESOLUTION OF THE ADVISORY COMMITTEE 
OF THE OREGON HEALTH INSURANCE EXCHANGE

WHEREAS, Senate Bill 1, a legislative act of 2015 abolishing the Oregon Health Insurance Exchange Corporation and transferring its duties and functions to the Oregon Department of Consumer and Business Services (DCBS), was enacted by the Oregon Legislative Assembly and signed into law by Governor Kate Brown on March 6, 2015;

WHEREAS, DCBS created the Oregon Health Insurance Marketplace, a division of DCBS, to administer the functions and duties transferred from the Oregon Health Insurance Exchange Corporation;

WHEREAS, Senate Bill 65, a legislative act of 2021, transfers the duties of the Oregon Health Insurance Marketplace and functions from DCBS to the Oregon Health Authority (OHA) was enacted by the Oregon Legislative Assembly and signed into law by Governor Brown on July 19, 2021;

WHEREAS, under the governing legislation, the governor must appoint 13 members of the Health Insurance Exchange Advisory Committee, hereafter referred to as the Health Insurance Marketplace Advisory Committee, and the OHA and DCBS Directors or their designees must serve as a member;

WHEREAS, the OHA has committed to ending health inequities by 2030, and the Oregon Health Policy Board has prioritized ensuring policy work is centered on health equity; and

WHEREAS, the members of the Health Insurance Marketplace Advisory Committee (HIMAC) acknowledge their individual and collective responsibilities to provide advice in good faith, in the best interest of Oregonians, and in accordance with Senate Bill 65 and other law;

NOW, THEREFORE, BE IT RESOLVED that the HIMAC hereby adopts its bylaws for the HIMAC of the Oregon Health Insurance Marketplace, attached as Exhibit A.

I HEREBY CERTIFY that the foregoing resolution was adopted on the, by the HIMAC of the Oregon Health Insurance Marketplace.

Kraig Anderson
Committee Chair
Exhibit A

BYLAWS OF THE HEALTH INSURANCE MARKETPLACE

ADVISORY COMMITTEE

ARTICLE I
DEFINITIONS

• ACA: Patient Protection and Affordable Care Act signed into law by President Barack Obama on March 23, 2010.

• Actual conflict of interest: As defined in ORS 244.020, means any action or any decision or recommendation by a person acting in a capacity as a public official, the effect of which would be to the private pecuniary benefit or detriment of the person or the person’s relative or any business with which the person or a relative of the person is associated unless the pecuniary benefit or detriment arises out of circumstances described in ORS 244.020 (12).

• Biennium: The state fiscal or budgetary cycles begins July 1 of every odd-numbered year and ends June 30 two years later. For example, the 2015-17 biennium begins July 1, 2015, and ends June 30, 2017.

• Business: As defined in Government Ethics statute (ORS 244.020), business means any corporation, partnership, proprietorship, firm, enterprise, franchise, association, organization, self-employed individual, and any other legal entity operated for economic gain, but excluding any income-producing not-for-profit corporation that is tax exempt under section 501(c) of the Internal Revenue Code with which a public official or a relative of the public official is associated only as a member or board director or in a non-remunerative capacity.

• CCIIO: U.S. Department of Health and Human Services; Centers for Medicare and Medicaid Services; Center for Consumer Information and Insurance Oversight.

• CMS: U.S. Department of Health and Human Services; Centers for Medicare and Medicaid Services.

• Executive session: As defined in ORS 192.610 (2): Any meeting or part of a meeting of a governing body that is closed to certain people for deliberation on certain matters.

• Fiscal year: The fiscal year of the Marketplace begins July 1 of each year and ends June 30 of the next year.

• Health equity: A health system under which all people can reach their full health potential and well-being and are not disadvantaged by their race, ethnicity, language, disability, age, gender, gender identity, sexual orientation, social class, intersections among these communities or identities, or other socially determined circumstances. Achieving health equity requires the ongoing collaboration of all regions and sectors of the state, including tribal governments to address the equitable distribution or redistribution of resources and power and recognizing, reconciling, and rectifying historical and contemporary injustices.
• Health Insurance Marketplace Advisory Committee: The committee is the advisory body, also referred to as the Health Insurance Exchange Advisory Committee, established by the 2015 legislation creating the Oregon Health Insurance Marketplace as modified by Senate Bill 65 in 2021.

• Potential conflict of interest: As defined in ORS 244.020, means any action or any decision or recommendation by a person acting in a capacity as a public official, the effect of which could be to the private pecuniary benefit or detriment of the person or the person’s relative, or a business with which the person or the person’s relative is associated, unless the pecuniary benefit or detriment arises out of the following:
  (a) An interest or membership in a particular business, industry, occupation, or other class required by law as a prerequisite to the holding by the person of the office or position.
  (b) Any action in the person’s official capacity which would affect to the same degree a class consisting of all inhabitants of the state, or a smaller class consisting of an industry, occupation, or other group including one of which or in which the person, or the person’s relative or business with which the person or the person’s relative is associated, is a member or is engaged.
  (c) Membership in or membership on the board of directors of a nonprofit corporation that is tax-exempt under section 501(c) of the Internal Revenue Code.

• Public Meeting Law: ORS 192.610-192.690 are the state statutes governing public meetings. The committee must comply with these statutes.

ARTICLE II
PURPOSE AND POWERS

Section 1: The Committee will advise the director of OHA on development and implementation of the policies and operational procedures governing the administration of the Marketplace.

Section 2: The Oregon Health Insurance Marketplace is a distinct office within the Health Policy and Analytics Division of the OHA.

Section 3: The duties of the Health Insurance Marketplace Advisory Committee are to provide advice on all of the following:
  • The amount of the assessment imposed on insurers under ORS 741.105;
  • The maintenance of a Small Business Health Options Program in accordance with 42 U.S.C. 18031;
  • The processes and procedures to enable each insurance producer to be authorized to act for all of the insurers offering health benefit plans through the Marketplace;
• The affordability of health benefit plans offered by employers under section 5000A(e)(1) of the Internal Revenue Code;
• Outreach strategies for reaching minority and low-income communities and other traditionally underserved populations;
• Ways to mitigate health disparities linked to race, ethnicity, primary language, gender identity, sexual orientation, disability, age, social class, and other similar factors and end health inequities by 2030;
• Solicitation of customer feedback; and
• The affordability of health benefit plans offered through the Marketplace.

Section 4: The committee may hire experts to help discharge its duties, subject to the approval of the director of the Oregon Health Authority. All expenses of the committee will be paid out of the Health Insurance Marketplace Fund.

ARTICLE III
HEALTH INSURANCE MARKETPLACE ADVISORY COMMITTEE
Section 1: The committee consists of 15 voting members, consisting of two ex-officio members (the directors or designees of the directors of OHA and DCBS) and 13 members appointed by the governor and confirmed by the Senate.

Section 2: Committee member terms of office are two years, with no more than three consecutive terms of service.

Section 3: Appointed committee members serve at the pleasure of the governor.

Section 4: The Chair and Vice Chair are elected by committee. In lieu of an election, the committee may choose to request these positions to be appointed by the director of the Oregon Health Authority.

Section 5: The committee may create policies that describe the governance structure, decision-making processes, and other relevant committee processes. Such policies may be outlined in a committee policy manual.

Section 6: A committee member, other than a qualified member as defined by ORS 292.495(4), shall serve without compensation, unless otherwise prohibited by law. A committee member is entitled to travel expenses as outlined in ORS 292.495 may receive actual and necessary travel or other expenses actually incurred in the performance of their official duties within the limits provided by law or by the Oregon Department of Administrative Services under ORS 292.210 to 292.250. In addition to actual and necessary travel or other expenses actually incurred in the performance of their official duties within the limits provided by law or by the Oregon Department of
Administrative Services under ORS 292.210 to 292.250, a qualified member – a committee member with single-filer or joint-filer adjusted gross income for the tax year prior to the year of service of less than $50,000 or $100,000 respectively – shall be provided, for each day or portion of a day during which the member is actually engaged in the performance of official duties, an amount equal to the per diem paid to members of the Legislative Assembly under ORS 171.072. Notwithstanding the above, a committee member or a qualified committee member may decline any and all compensation.

Section 7: Rules of Order

- The committee will conduct its business through discussion, consensus building, and informal meeting procedures.
- The chairperson may, from time to time, establish specific procedural rules of order to assure the orderly, timely and fair conduct of business. The chairperson may refer to the most recent edition of Robert’s Rules of Order for guidance.

Section 8: Quorum and Voting Rights

- Quorum – A majority of the voting members of the committee constitutes a quorum for the transaction of business or other action, so eight voting members constitute a quorum of the committee. The continued presence of a quorum is required for any official vote or action of the committee throughout an official meeting. Less than a quorum of the committee may receive testimony.
- Voting – All official actions of the committee must be taken by a public vote. On all motions or other matters, a voice vote may be used. At the discretion of the chairperson or at the request of a committee member, a show of hands or rollcall vote may be conducted. Proxy votes are not permitted. The results of all votes and the vote of each member by name must be recorded. Abstaining votes are recorded as abstention. At least eight concurring votes must be cast in order to pass or reject a motion.

Section 9: Conflict of Interest. Actions of the committee are subject to the Oregon government ethics law, including requirements for declaring conflicts of interest and potential conflicts of interest.

ARTICLE IV
COMMITTEE MEETINGS
Section 1: Meetings of the committee are open to the public and held in accordance with the state’s public meeting law.
Section 2: A majority of the voting members of the committee constitute a quorum for the transaction of business. Committee members may participate in meetings by telephone or videoconferencing. Committee members participating by such means are counted for quorum purposes, and their votes are counted when determining the actions of the committee.

Section 3: At the discretion of the chairperson, special or emergency meetings of the committee may be convened in order to conduct official business between regularly scheduled meetings. In the absence of the chairperson or vice chairperson, a majority of committee members may call a meeting. In accordance with ORS 192.660, the chairperson may convene an executive session during a regular, special, or emergency meeting.

Section 4: In accordance with ORS 244.120, committee members must publicly announce the nature of any conflict of interest or potential conflict of interest before participating in any official action on the issue giving rise to the conflict of interest.

ARTICLE V
SUBCOMMITTEES
Section 1: The committee may establish subcommittees, technical committees, or workgroups as needed to discharge its duties.

ARTICLE VI
HEALTH INSURANCE MARKETPLACE FUND
Section 1: The Oregon Health Insurance Exchange Fund is established in the state treasury, separate and distinct from the General Fund. Interest earned by the fund will be credited to the fund.

Section 2: The Oregon Health Insurance Marketplace Fund consists of money received by the OHA under ORS 741.001 to 741.540 and money transferred by Senate Bill 65. The money in the fund is continuously appropriated to the Marketplace.

Section 3: The committee advises the director of the OHA on the amount of assessment imposed on insurers under ORS 741.105.

ARTICLE VII
INDEMNIFICATION
Section 1: The following statutes apply to the members of the committee:
  • 30.260 – 30.300: Definitions for statutes related to “Tort Actions Against Public Bodies"
• 30.310: Actions and Suits by Governmental Units
• 30.312: Actions by Governmental Units Under Federal Antitrust Laws
• 30.390: Satisfaction of Judgment Against Public Corporations
• 30.400: Actions by and Against Public Officers in Official Capacity

ARTICLE VIII
AMENDMENT TO BYLAWS

Section 1: The committee, or any member of the committee, may propose amendments to the bylaws. Committee members must receive proposed amendments no less than seven days before any regularly scheduled, special, or emergency meeting. Proposed amendments must be approved by a quorum vote.

History of amendments to bylaws:
• April 7, 2016 – Initial approval.
• June 4, 2018 – Revised title, updated with information of abolishment of the Oregon Health Insurance Exchange Corporation and creation of the Oregon Health Insurance Marketplace, sections reordered alphabetically, CMS definition added, Article 3, Section 1 added division director.
• October 2, 2019 – Revised term limits.
• July 22, 2021 – Revised title; revised resolution to incorporate SB 65 changes; revised Article I definition of “Marketplace Advisory Committee” to reflect SB 65 changes; revised Article II, Sections 1 and 2 and deleted Section 4 to reflect SB 65 changes; revised Article III, Section 1 to reflect changes required by SB 65; revised Article VI, Sections 2 and 3 to reflect SB 65 changes; deleted Article VII to reflect changes required by SB 65; renumbered Articles to Roman numerals, Articles VII and VIII to reflect deletions, and Article II Section 5 to reflect deletion; formatted spacing to be consistent with existing document; and made grammatical corrections.
• October 6, 2021 – Article II, Section 2 changed “independent” to “distinct”. Article II, Section 4 and Article III Section 4 changed “Department of Consumer and Business Services” to “Oregon Health Authority”.
• October 13, 2022 – Changed chair from Dan Field to Kraig Anderson. Revised resolution to include verbiage on OHA’s commitment and focus on work centered on health equity. All throughout, changed “Marketplace Advisory Committee” to “Health Insurance Marketplace Advisory Committee”. Updated Article I with agency’s definition of “health equity”. Updated Article III, Section 6 to comply with HB 4992.
• October 12, 2023 – Article II, Section 3 changed “implementation” to “maintenance” to comply with SB 966 (2023). Fourth paragraph of Resolution and Article III, Section 1 changed to update ex officio members in compliance with SB 966 (2023).
