

2019 Oregon MIPPA Grant Summary

Participating SHIBA sponsors are eligible for pass-through federal grant funds if they agree to participate in MIPPA outreach and data collection, and have a minimum of 100% of their counselors satisfy the training requirement (recorded webinar).

Once sponsors have decided to participate, and return the contract, LIS applications submitted through BenefitsCheckUp.org/Oregon (BCU/OR) web portal. Counselors should follow the STARS data recording instructions specific to MIPPA.

If counselors are unable to process an LIS application for their client for any reason, there is a statewide toll-free number for Oregon Medicare Savings Connect that the client can use to apply for LIS and/or MSP benefits. That number is 1-855-447-0155.

See STARS Job Aid on MIPPA data fields in the Volunteer Management section.
