

# Losing OHP benefits? You have options!

**You may sign up with your employer's health plan** if you are eligible for your employer's group health plan.

If your employer doesn't offer health insurance to employees or if you aren't eligible for their plan, **you can find new health coverage through the Oregon Health Insurance Marketplace at OregonHealthCare.gov.**

**Savings are available for most Marketplace enrollees.** Nearly 80 percent of people who enroll through the Marketplace and apply for financial assistance are getting help paying for their monthly cost to have coverage and care.

To qualify for financial assistance, you must not be offered other coverage that is considered affordable, including through your or a family member's employer. **To see if coverage offered to you or your family is considered affordable visit [orhim.info/ESItool](https://orhim.info/ESItool).**
